WELCOME TO MADAN

SERVICE EXCELLENCE + QUALITY QUARANTEED

We provide high-quality products and personalized customer service, building strong, customer-focused relationships.

Our range includes engineered and locally or internationally sourced fasteners, supported by an efficient supply chain.

At Madan, we promote a positive work environment, respect for employees, and a culture of innovation and pride.

High Quality Products | 50+ Years of Experience | Expert Support
Custom Fastening Solutions | Wide Range of Products

Specialised & Customised Fasteners

Due to the continuous need of custom made parts and ever developing technology, Madan Engineering has extended its hand in service, offering engineering solutions to non-standard items in the bolt and nut industry over the past 50 years.

Vast Variety of Standardised Fasteners

Innovation is in our DNA. From the simplest to the most complex, our fasteners are crafted to meet your exact needs. With commitment to excellence, we offer a comprehensive range of fasteners and ensure quick, reliable delivery.

Electroplated Fasteners

For the prolonged life of bolts, setscrews, Madan offers electroplating in yellow, blue and black to form a protective barrier against atmospheric conditions such as corrosion.

De-Embrittlement

The de-imbrittlement process is used in cases where extra high strength is needed. De-embrittlement fasteners are typically used within the aeronautic, rail and automotive industries.

Wide Range of Steel Grades

- Mild Steel (4.8) - Low Carbon Steel
- High Tensile (8.8) - Medium Carbon Steel Heat Treated
- Grade 10.9 - Alloy Steel Heat Treated
- Grade 12.9 - Alloy Steel Heat Treated
- 304 Stainless Steel (A2) - Addition of Chromium Nickel
- 316 Stainless Steel (A4) - Additional Corrosion Resistance

Industries Served

- Mining and Crushing Industry
- Food and Beverage
- Pharmaceutical
- Transport and Logistics
- Aircraft and Aviation
- Automotive
- Manufacturing
- Engineering
- Construction
